

# INVESTMENT WEBINAR

FINDING AND REALISING RENEWABLE ENERGY OPPORTUNITIES IN THE PACIFIC ISLANDS

## SPEAKER PROFILE

---

**Geoff Sinclair**, B.Comm., M.B.A.

*Managing Director, Camco Clean Energy*

Geoff is responsible for all of Camco's fund advisory and management activities, including the delivery of their existing mandates, which focus on supporting the development of – and providing finance for – renewable energy projects in sub-Saharan Africa.

He joined Camco in 2015 after 10 years working for Standard Bank, during which time he built and led the bank's multi-award-winning international climate finance business and team.

Geoff has completed transactions on over 1GW of renewable energy and energy efficiency projects across Africa, Asia, Europe and the Americas, and has experience across a wide range of technologies and financing structures in both the primary and secondary markets.

He previously worked for the New Zealand Treasury, successfully founded a start-up and is Chairman of UK renewables fund, CO2 Sense. He has an MBA from London Business School and a Bachelor of Commerce (First Class Honours) from the University of Melbourne.
